## 👤 ABOUT ME

I'm Felipe, a 28-year-old Junior Web developer with knowledge and passion for building beautiful and efficient user interfaces. I have a solid background in front-end technologies such as HTML5 and CSS, currently learning PHP.

My background comes from design and for the last 2 years culinary, where the heat is high but the hunger is low.

My online portfolio has numerous personal projects that demonstrate my skills. I built these projects while working full-time as a chef. Working hard is very much part of my identity and I would bring the interpersonal and time management skills that are such a core part of my work life.
